1A International Business Park wins prestigious Architecture Award at International Property Awards

AIMS AMP Capital Industrial REIT Management Limited, as manager of AIMS AMP Capital Industrial REIT (the “**Trust**”), is pleased to announce that the Trust’s 13-storey, high-tech business park building at 1A International Business Park (“**1A IBP**”) was awarded the Architecture Award (Office) Singapore at the prestigious Asia Pacific Property Awards 2010.

Designed by New Space International Architectural Practice (NSIAP) Pte Ltd (“**New Space**”), 1A IBP has won the country award “Architecture Award (Office) Singapore” under the category for commercial property in Singapore at the Awards in April this year.

Chief Executive Officer and Executive Director of the Manager, Mr Nicholas McGrath said: “This award is a credit to both the architect, New Space, and the developer of the property, Eurochem Corporation Pte Ltd. We are extremely pleased that 1A IBP has received international recognition for its strategic, modern architecture and landmark positioning, which distinguishes the building within the prestigious International Business Park. The building has also set a new benchmark with its eco-friendly architectural design, which encourages energy conservation, the reduction of CO₂ emissions, the preservation of water and reduction of heat gain.”

The Asia Pacific Property Awards, which was held in association with Bloomberg Television, was the first of five regional competitions to be judged as part of the 2010 International Property Awards’ program.

The net lettable area of 1A IBP is 16,697 square metres. 1A IBP is suitable for business park use and incorporates office and warehouse areas, in addition to ancillary showroom areas. The building has a basement car park with line-marked provisions for 114 cars. The International Business Park is a business and technology hub for companies involved in high-technology industries that include software development, research and ancillary services.
