

AIMS APAC REIT UNAUDITED FINANCIAL STATEMENT ANNOUNCEMENT FOURTH QUARTER ENDED 31 MARCH 2020 ("4Q FY2020")

## Introduction

AIMS APAC REIT (formerly known as AIMS AMP Capital Industrial REIT) ("AA REIT" or the "Trust") is a real estate investment trust which was listed on the Main Board of the SGX-ST on 19 April 2007. AA REIT is externally managed by AIMS APAC REIT Management Limited (formerly known as AIMS AMP Capital Industrial REIT Management Limited) (the "Manager"). The principal investment objective of the Manager is to invest in a diversified portfolio of income-producing real estate assets located in Singapore and throughout the Asia-Pacific region that is used for industrial purposes, including, but not limited to warehousing and distribution activities, business park activities and manufacturing activities. The Manager's key objectives are to deliver stable distributions to Unitholders and to provide long-term capital growth.

The Group<sup>1</sup> has a portfolio of 27 industrial properties, 25 of which are located throughout Singapore, one industrial property located in Gold Coast, Queensland, Australia and one business park property located in Macquarie Park, New South Wales ("NSW"), Australia<sup>2</sup>.

#### Summary of AIMS APAC REIT Group results

#### Notes:

- (a) Please refer to section 8 on "Review of the performance" for explanation of the variances.
- (b) The Manager resolved to distribute S\$14.1 million for 4Q FY2020, comprising (i) taxable income of S\$13.5 million from Singapore operations; and (ii) tax-exempt income distribution of S\$0.6 million remitted from the Group's investment in Optus Centre, Macquarie Park, NSW, Australia and Boardriders Asia Pacific HQ in Gold Coast, Queensland, Australia. AA REIT's distribution policy is to distribute at least 90.0% of the Trust's Singapore taxable income for the full financial

<sup>&</sup>lt;sup>1</sup> The Group comprises AIMS APAC REIT, its wholly-owned subsidiaries and its interest in a joint venture.

<sup>&</sup>lt;sup>2</sup> AA REIT has a 49.0% interest in Optus Centre located in Macquarie Park, NSW, Australia.

<sup>&</sup>lt;sup>3</sup> AA REIT retained S\$2.9 million of Australian distributable income from its 4Q FY2020 distributions to conserve cash for the Group's working capital purposes in view of the COVID-19 situation. The DPU for 4Q FY2020 and FY2020 would have been 2.40 cents and 9.90 cents respectively, had the distributable income of S\$2.9 million been distributed.

year. For FY2020, the Manager has resolved to distribute 100.0% of the Singapore taxable income available for distribution to the Unitholders. Please refer to details in section 1(a)(ii) for the distribution statement.

#### Notes:

(a) Please refer to section 8 on "Review of the performance" for explanation of the variances.

(b) AA REIT's operating lease arrangements relate to land rent payments to JTC Corporation and CapitaLand Singapore (BP&C) Pte. Ltd. (formerly known as Ascendas Land (Singapore) Pte Ltd) for certain properties in its portfolio. On 1 April

2019, AA REIT adopted FRS 116 *Leases* ("FRS 116") which introduces a single, on-balance sheet lease accounting model for lessees and requires AA REIT to recognise right-of-use ("ROU") assets representing its right to use the underlying properties and lease liabilities representing its obligation to make lease payments. Using the modified retrospective approach, AA REIT did not adjust its comparatives for the effects arising from the adoption of the new standard. The ROU assets and liabilities are derived from discounting the future land rent payments over the respective lease terms by applying a single discount rate to the portfolio of property leases. The ROU assets are included within "Investment properties" in the Statements of Financial Position.

As at 1 April 2019, AA REIT recognised ROU assets of \$\$94.4 million and lease liabilities of the same amount for its leases previously classified as operating leases. Lease liabilities increase with the accretion of imputed interest expense computed using the effective interest rate method and decrease as land rent payments are made. Fair value changes on ROU assets are recorded to ensure that the carrying values of ROU assets and lease liabilities are equal at all times. As at 31 March 2020, the carrying values of the ROU assets and lease liabilities were \$\$89.9 million.

Prior to the adoption of FRS 116, the land rent payments were included within "Property operating expenses" in arriving at the "Net property income" in the Consolidated Statements of Total Return and formed part of "Cash flows from operating activities" in the Consolidated Statement of Cash Flows. With the adoption of FRS 116, these payments are reclassified as (i) "Borrowing costs on lease liabilities" based on the imputed interest expense computed using the effective interest rate method and (ii) "Net change in fair value of investment properties and investment property under development" in the Consolidated Statements of Total Return. In the Consolidated Statement of Cash Flows, the land rent payments are reflected as "Repayment of lease liabilities" within "Cash flows from financing activities". For FY2020, AA REIT recognised borrowing costs on lease liabilities of S\$3.2 million (net of interest expense capitalised) and changes in fair value of ROU assets of S\$5.3 million in the Consolidated Statements of Total Return.

In line with a circular issued by the Monetary Authority of Singapore ("MAS") dated 26 November 2018 on the exclusion of on-balance sheet operating lease liabilities from REITs' Aggregate Leverage for operating lease sentered into before 1 January 2019, AA REIT's ROU assets and lease liabilities have been excluded from the computation of the Aggregate Leverage. As at 31 March 2020, AA REIT's Aggregate Leverage was 34.8% (31 March 2019: 33.7%). In addition, the adoption of FRS 116 has no impact on the taxable income and distributable income of AA REIT.

- (c) The foreign exchange (loss)/gain mainly relates to the exchange differences on the Trust's Australian distribution income and Australian Dollar cash and cash equivalents.
- (d) The increase in interest and other income was mainly due to the interest income earned on a proportionate unitholder loan to a joint venture to fund AA REIT's share of the asset enhancement initiative at Optus Centre (see note 1(b)(i)(c)).
- (e) The share of profits of joint venture (net of tax) comprised contribution from the Group's 49.0% interest in Optus Centre. As at 31 March 2020, the independent valuation of the underlying property was carried out by Knight Frank NSW Valuations & Advisory Pty Ltd and the property (which included capitalised capital expenditure incurred as at 31 March 2020) was valued at A\$584.0 million, equivalent to approximately S\$509.8 million (31 March 2019: A\$470.0 million, equivalent to approximately S\$455.7 million).

(f) The net change in fair value of investment properties and investment property under development for 4Q FY2020 arose from the fair value adjustments of ROU assets included in investment properties as at 31 March 2020 of S\$1.3 million, in accordance with FRS 116 as well as the revaluation loss of the Group's 26 investment properties of S\$2.8 million. The independent valuation of the Trust's 25 investment properties in Singapore were carried out by Cushman & Wakefield VHS Pte Ltd or CBRE Pte. Ltd. while the valuation of Boardriders Asia Pacific HQ in Gold Coast, Queensland, Australia was carried out by CBRE Valuations Pty Limited.

The net change in fair value of investment properties and investment property under development is a non-tax chargeable/deductible item and has no impact on the taxable income and distributable income to the Unitholders.

- (g) This relates to changes in fair value due to the revaluation of certain interest rate swap contracts in accordance with FRS 109. Please refer to note (e) of section 1(b)(i) for further details of the swap contracts. The net change in fair value of derivative financial instruments is a non-tax chargeable/deductible item and has no impact on the taxable income and distributable income to the Unitholders.
- (h) Income tax expense relates to withholding tax paid/payable by the Trust on the distribution from Australia, income tax payable by the Trust's wholly-owned subsidiary, AACI REIT MTN Pte. Ltd. ("AACI REIT MTN") as well as provision for deferred tax liabilities for the Trust's investments in Australia. The decrease in income tax expense in 4Q FY2020 was mainly due to lower provision for deferred tax liabilities arising from the strengthening of the Singapore dollar against the Australian dollar. The higher income tax expense in FY2020 was mainly due to the share of revaluation surplus on Optus Centre following the execution of a new agreement for lease with the existing master tenant, Optus Administration Pty Limited (see note 1(b)(i)(i)).

NM: not meaningful.

- (b) Other adjustments comprised primarily the net accounting results of the Trust's subsidiaries.
- (c) The Trust's distribution policy is to distribute at least 90.0% of the Trust's Singapore taxable income for the full financial year. For FY2020, the Manager has resolved to distribute 100.0% of the Singapore taxable income available for distribution to the Unitholders.
- (d) This relates to tax-exempt income arising from the distributions remitted from the Group's investments in Australia.

(e) This relates to the tax deferred component arising from the distributions remitted from the Group's investments in Australia.

NM: not meaningful.

Notes:

(a) The increase in investment properties was mainly due to the recognition of S\$89.9 million ROU assets in relation to the capitalisation of land rent payments, in accordance with FRS 116, the transfer of S\$51.8 million (which included net revaluation gain of S\$6.7 million recognised in FY2020) from investment property under development for 3 Tuas Avenue 2 upon obtaining Temporary Occupation Permit on 10 January 2020, acquisition of Boardriders Asia Pacific HQ of S\$38.7 million and capital expenditure incurred on investment properties of S\$8.7 million which included the asset enhancement Page 6 of 26

initiative at 29 Woodlands Industrial Park E1 ("NorthTech"). This was partially offset by a net revaluation loss of S\$22.7 million recognised in FY2020 (excluding the revaluation gain of S\$6.7 million recognised on 3 Tuas Avenue 2).

- (b) This relates to the Trust's interests in its wholly-owned subsidiaries, AACI REIT MTN Pte. Ltd., AIMS APAC REIT (Australia) Trust (formerly known as AIMS AMP Capital Industrial REIT (Australia) Trust) and AACI REIT Opera Pte. Ltd. The increase in subsidiaries was mainly due to equity contribution to fund the acquisition and other transaction costs incurred in relation to the acquisition of Boardriders Asia Pacific HQ (see note 1(b)(i)(a) above).
- (c) This relates to the Group's 49.0% interest in Macquarie Park Trust, the Australian unit trust which holds Optus Centre, located in Macquarie Park, NSW, Australia. On 25 November 2019, the Manager announced that AA REIT and its joint venture partner, Stockland, have successfully executed a new agreement for lease with the existing master tenant, Optus Administration Pty Limited, which is AA REIT's largest tenant, for a further 12-year term. The new lease will commence from 1 July 2021 following the completion of an asset enhancement initiative to cater to the tenant's requirements. The increase in the joint venture balances was mainly due to the share of revaluation surplus following the valuation of the property upon execution of the new agreement for lease, as well as a proportionate unitholder loan to the joint venture to fund AA REIT's share of the asset enhancement initiative. This was partially offset by the strengthening of the Singapore Dollar against the Australian Dollar. As the cost of the Australian investment is substantially hedged through the use of Australian Dollar denominated loans, there is a reduction in Australian Dollar denominated interest-bearing borrowings used to fund the acquisition of Optus Centre (see note 1(b)(i)(h) below).
- (d) Non-current trade and other receivables relate to the unamortised portion of the marketing services commission for leases with tenors of more than one year. The decrease in the balances was mainly due to the reclassification of the unamortised portion of the marketing services commission to current trade and other receivables for leases with remaining tenors of less than one year.

Current trade and other receivables as at 31 March 2020 of S\$5.5 million was S\$0.4 million lower compared to balances as at 31 March 2019. The decrease was mainly due to the timing of billing and collection of receivables from tenants, offset by a refundable deposit of S\$1.2 million on a potential acquisition. The deposit was refunded to the Trust in April 2020.

- (e) The derivative financial instruments as at 31 March 2020 were in relation to interest rate swap contracts with a total notional amount of S\$289.4 million. As at 31 March 2020, approximately 81.1% of the Group's borrowings were on fixed rates taking into account (i) the interest rate swap contracts entered into and (ii) the medium term notes ("Medium Term Notes"). Under the interest rate swap contracts, the Group pays fixed interest rates of between 0.80% to 2.82% per annum and receives interest at the three-month Singapore swap offer rate or at the three-month Australian bank bill swap bid rates, as the case may be. The changes in fair value were mainly due to the revaluation of the interest rate swap contracts in accordance with FRS 109.
- (f) Cash and cash equivalents as at 31 March 2020 of S\$20.4 million were S\$2.4 million higher compared to balances as at 31 March 2019. This was mainly due to the net proceeds from the issuance of S\$100.0 million 3.60% five-year unsecured Medium Term Notes on 12 November 2019, partially offset by the repayment of borrowings, and initial deposit and other transaction costs incurred in relation to the acquisition of Boardriders Asia Pacific HQ (see note 1(b)(i)(a)) above.
- (g) Non-current trade and other payables mainly comprised rental deposits received from tenants with tenors of more than one year and retention sums on the asset enhancement initiative at NorthTech.

(h) On 21 May 2019, the Trust drew down on its revolving credit facility to redeem in full the principal together with the accrued interest of the S\$50.0 million 3.80% five-year unsecured Medium Term Notes, being the maturity date of the Medium Term Notes. On 12 November 2019, the Trust issued S\$100.0 million 3.60% five-year unsecured Medium Term Notes from its S\$750 million Multicurrency Debt Issuance Programme which was partially used to repay the revolving credit facility as well as the redemption in full of the principal together with the accrued interest of the S\$30.0 million 4.35% seven-year unsecured Medium Term Notes due on 5 December 2019.

The total borrowings of the Group as at 31 March 2020 of S\$539.3 million was S\$41.9 million higher compared to balances as at 31 March 2019 mainly due to the following:

- drawdown of A\$35.2 million to fund the acquisition of Boardriders Asia Pacific HQ;
- drawdown of A\$9.7 million to fund AA REIT's share of the asset enhancement initiative at Optus Centre; and
- net drawdown of S\$20.0 million which was mainly used to fund the payment of retention sums and development costs of the Trust's recent development projects and other asset enhancement initiatives.

The increase in borrowings was partially offset by the decrease arising from exchange difference in the Australian Dollar denominated borrowings used to partially fund the investments in Australia of S\$20.1 million as a result of the strengthening of the Singapore Dollar against the Australian Dollar.

- (i) This relates to the provision of deferred tax liabilities for the Trust's investment in Australia. The increase in deferred tax liabilities is in relation to the deferred income tax liability recognised on the share of revaluation surplus on Optus Centre (see note 1(a)(i)(h)).
- (j) This relates to the recognition of lease liabilities in relation to the capitalisation of land rent payments, in accordance with FRS 116.
- (k) The decrease in current trade and other payables was mainly due to the decrease in development costs payable on the Trust's redevelopment of 3 Tuas Avenue 2. The balance as at 31 March 2020 included retention sums of S\$1.8 million relating to the Trust's recent developments (31 March 2019: included retention sum of S\$1.6 million relating to the Trust's recent development projects as well as development cost payable relating to the redevelopment of 3 Tuas Avenue 2 and 8 Tuas Avenue 20 as well as the asset enhancement initiative at NorthTech of S\$11.0 million). As at 31 March 2020, the Group and the Trust had total undrawn committed facilities of S\$181.1 million to fulfil their liabilities as and when they fall due.

#### Details of borrowings and collateral

#### (a) Secured borrowings

AA REIT and its indirect wholly-owned trust, AA REIT Macquarie Park Investment Trust, have secured credit facilities from a syndicate of financial institutions which comprised of the following:

- a four-year term loan facility of S\$100.0 million maturing in August 2020;
- a three-year term loan facility of A\$65.0 million maturing in November 2020, to partially fund the 49.0% interest in Optus Centre;
- a four-year revolving credit facility of S\$120.0 million maturing in November 2021;
- a four-year term loan facility of S\$100.0 million maturing in July 2022, to fund real estate development and/or acquisitions;
- a four-year term loan facility of S\$25.0 million maturing in July 2022, to fund real estate development and/or acquisitions;
- a five-year term loan facility of A\$110.0 million maturing in July 2023, to partially fund the 49.0% interest in Optus Centre;
- a three-year revolving credit facility of A\$50.0 million maturing in June 2022, to finance real estate development and/or acquisitions, and/or general working capital purposes. The revolving credit facility was partially utilised to fund the Group's share of the asset enhancement initiative at Optus Centre; and
- a three-year revolving credit facility of A\$15.0 million maturing in June 2022, to finance real estate development and/or acquisitions, and/or general working capital purposes. The revolving credit facility was utilised to partially fund the acquisition of the Boardriders Asia Pacific HQ.

The details of the collateral for these facilities are as follows:

- first legal mortgage over 16 investment properties of the Trust (with two as mortgages-in-escrow) (the "Mortgaged Properties");
- assignment of rights, benefits, title and interest in, *inter alia*, the building agreement and leases of two investment properties of the Trust;
- assignment of rights, benefits, title and interest in the property management agreements, insurances and tenancy agreements, sale agreements and performance guarantees (including sale proceeds and rental proceeds) of the Mortgaged Properties; and

• first ranking specific security agreement over the bank account and units in Macquarie Park Trust held by AA REIT Investments (Australia) Pty Limited in its capacity as trustee of AA REIT Macquarie Park Investment Trust.

On 9 July 2019, AIMS Capital Management Pty Ltd in its capacity as trustee of Burleigh Heads Trust, an indirect whollyowned trust of AA REIT ("Borrower") and HSBC Institutional Trust Services (Singapore) Limited in its capacity as trustee of AA REIT had entered into a facility agreement with a financial institution for a secured five-year term loan facility maturing July 2024 of A\$21,153,000 to partially fund the acquisition of the Boardriders Asia Pacific HQ. The loan is guaranteed by AA REIT and secured by a mortgage over the property and a general security agreement over all present and after acquired property of the Borrower.

#### (b) Unsecured borrowings

As at 31 March 2020, S\$150.0 million unsecured Medium Term Notes had been issued comprising:

- (i) S\$50.0 million five-year Medium Term Notes with a fixed rate of 3.60% per annum, payable semi-annually in arrears and will mature on 22 March 2022 which had been issued under the S\$500 million Multicurrency Medium Term Note Programme which had been established in July 2012; and
- (ii) S\$100.0 million five-year Medium Term Notes with a fixed rate of 3.60% per annum, payable semi-annually in arrears and will mature on 12 November 2024 which had been issued under the S\$750 million Multicurrency Debt Issuance Programme which had been established in November 2018.

### Capital management

On 16 April 2020, the MAS announced that the aggregate leverage limit for S-REITs will be raised from 45% to 50% with immediate effect. In its public consultation last year, the MAS had proposed for S-REITs to have a new minimum interest coverage ratio ("ICR") of 2.5 times before they are allowed to increase their leverage to beyond the prevailing 45% limit (up to 50%). However, the MAS has deferred the new ICR requirement to 1 January 2022 in light of the current COVID-19 pandemic situation. As at 31 March 2020, the Group's aggregate leverage was 34.8% with an ICR of 4.3 times<sup>4</sup>.

As at 31 March 2020, the current interest-bearing borrowings relate to term loans of \$\$100.0 million and A\$65.0 million which are due to mature in August 2020 and November 2020 respectively. In May 2020, the Group received commitments from its lenders to refinance the facilities with a new four-year term loan facility of \$\$100.0 million and a new three-year term loan facility of A\$32.5 million. In addition, the Group and the Trust have total undrawn committed facilities of \$\$181.1 million to fulfil their liabilities as and when they fall due.

<sup>&</sup>lt;sup>4</sup> As defined in the Code on Collective Investment Schemes (last revised on 16 April 2020), ICR is a ratio that is calculated by dividing the trailing 12 months earnings before interest, tax, depreciation and amortisation ("EBITDA") (excluding effects of any fair value changes of derivatives, investment properties and foreign exchange translation) by the trailing 12 months interest expense and borrowing-related fees. For the purpose of AA REIT's ICR calculation, EBITDA included deductions for the repayment of lease liabilities for operating leases entered into before 1 January 2019 and interest expense and borrowing-related fees included capitalised interest expense and amortisation of borrowing transaction costs but excluded borrowing costs on lease liabilities for operating leases entered into before 1 January 2019.

- (a) During the financial year, there were the following issuance of Units to the Manager:
  - (i) 1,285,485 new Units on 10 July 2019 at an average issue price of S\$1.4070 to the Manager as partial payment of the base fee element of the Manager's management fees incurred for the period from 1 January 2019 to 30 June 2019; and
  - (ii) 1,357,787 new Units on 16 January 2020 at an average price of S\$1.4277 to the Manager as partial payment of the base fee element of the Manager's management fees incurred for the period from 1 July 2019 to 31 December 2019.
- (b) During the financial year, there were the following issuance of Units to eligible Unitholders who elected to participate in the AA REIT DRP.
  - (i) 2,649,766 new Units on 20 June 2019 at an issue price of S\$1.3625 per Unit to eligible Unitholders who elected to participate in the AA REIT DRP in respect of the 4Q FY2019 distribution;
  - (ii) 2,003,444 new Units on 19 September 2019 at an issue price of S\$1.4352 per Unit to eligible Unitholders who elected to participate in the AA REIT DRP in respect of the 1Q FY2020 distribution;
  - (iii) 5,226,341 new Units on 20 December 2019 at an issue price of S\$1.3681 per Unit to eligible Unitholders who elected to participate in the AA REIT DRP in respect of the 2Q FY2020 distribution; and
  - (iv) 3,226,832 new Units on 26 March 2020 at an issue price of S\$1.4178 per Unit to eligible Unitholders who elected to participate in the AA REIT DRP in respect of the 3Q FY2020 distribution.

## 2 Whether the figures have been audited or reviewed, and in accordance with which auditing standard or practice.

The figures have not been audited or reviewed by auditors.

3 Where the figures have been audited or reviewed, the auditor's report (including any qualifications or emphasis of matter).

Not applicable.

4 Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.

Except as disclosed in paragraph 5 below, the Group has applied the same accounting policies and methods of computation applied in the financial statements for the current reporting period compared with the audited financial statements for the financial year ended 31 March 2019.

5 If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change.

The Group has adopted FRS 116 *Leases* effective for the financial period beginning 1 April 2019. FRS 116 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises an ROU asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard – i.e. lessors continue to classify leases as finance or operating leases. FRS 116 replaces existing lease accounting guidance, including FRS 17 *Leases*, FRS INT 104 *Determining whether an Arrangement contains a Lease*, FRS INT 15 *Operating Leases – Incentives* and FRS INT 27 *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. The standard is effective for annual periods beginning on or after 1 April 2019, with early adoption permitted. Please refer to note 1(a)(i)(b) for further details.

As at 1 April 2019, AA REIT recorded ROU assets in the investment properties and investment property under development and their corresponding lease liabilities of approximately S\$94.4 million. Such adjustments did not have an impact on the net assets, total return and distributable amount to Unitholders.

## 6 Earnings per Unit ("EPU") and distribution per Unit ("DPU") for the period

The basic EPU is computed using total return after tax over the weighted average number of Units issued for the period. The diluted EPU is computed using total return after tax over the weighted average number of Units issued for the period and adjusted for the effects of Units to be issued to the Manager as partial payment of the Manager's management fees incurred for the period.

The increase in the EPU in 4Q FY2020 was mainly due to lower net revaluation deficit recognised for the valuation of investment properties and investment property under development which was partially offset by lower share of revaluation surplus recognised from the valuation of the Group's 49.0% interest in Optus Centre. The increase in the EPU in FY2020 was mainly due to higher share of revaluation surplus recognised from the valuation of the Group's 49.0% interest in Optus Centre.

The share of revaluation surplus and net change in fair value of investment properties and investment property under development is a non-tax chargeable/deductible item and has no impact on the taxable income and distributable income to the Unitholders.

In computing the DPU, the number of Units entitled to the distribution for each respective period was used.

<sup>&</sup>lt;sup>6</sup> Based on Units in issue and to be issued at the end of the period.

# Review of the performance for 4Q FY2020 vs. 3Q FY2020

The gross revenue achieved for 4Q FY2020 of S\$28.2 million was S\$1.2 million lower than the gross revenue for 3Q FY2020 mainly due to lower occupancy for the property at 1A International Business Park arising from the conversion from master lease to multi-tenancy leases in November 2019, full quarter impact on the expiry of the final phase of the master lease at 20 Gul Way in 3Q FY2020 and the expiry of the second phase of the master lease at 30 Tuas West Road in February 2020. The decrease was partially offset by the maiden rental contribution from the recently completed property at 3 Tuas Avenue 2 in March 2020 as well as higher recoveries from Boardriders Asia Pacific HQ.

Property operating expenses for 4Q FY2020 of S\$7.7 million were S\$1.4 million higher than the property operating expenses for 3Q FY2020 mainly arising from a property tax refund in 3Q FY2020 for 20 Gul Way of S\$2.3 million due to the change in the prior years' annual value assessed by the Inland Revenue Authority of Singapore ("IRAS").

Net property income for 4Q FY2020 stood at S\$20.5 million, or S\$2.6 million lower than 3Q FY2020 mainly due to higher property operating expenses and lower gross revenue. As a result, net property income margin decreased to 72.7% in 4Q FY2020 compared to 78.5% in 3Q FY2020.

Borrowing costs for 4Q FY2020 of S\$4.8 million was S\$0.2 million lower than borrowing costs for 3Q FY2020 mainly due to the lower three-month Singapore swap offer rates as well as the lower borrowing costs on the Australian Dollar loans due to the strengthening of the Singapore Dollar against the Australian Dollar.

Other trust expenses for 4Q FY2020 of S\$0.9 million was S\$0.3 million higher compared to 3Q FY2020 mainly arising from due diligence and professional fees incurred in relation to a potential acquisition of S\$0.3 million.

The share of profits of joint venture (net of tax) for 4Q FY2020 comprised the contribution from the Group's 49.0% interest in Optus Centre. The share of profits of joint venture (net of tax) for 4Q FY2020 included the share of revaluation surplus of S\$1.2 million from the valuation of Optus Centre while the share of profits of joint venture (net of tax) for 3Q FY2020 included the share of revaluation surplus of S\$44.1 million from the valuation of Optus Centre. The valuation of the property stood at A\$584.0 million, equivalent to approximately S\$509.8 million based on the independent valuation carried out by Knight Frank NSW Valuations & Advisory Pty Ltd as at 31 March 2020. The increase in the valuation of Optus Centre in 3Q FY2020 was due to the execution of a new agreement for lease with the existing tenant, Optus Administration Pty Limited in November 2019, where the independent valuation of the underlying property was carried out by Knight Frank NSW Valuations & Advisory Pty Ltd and the property was valued at A\$570 million, equivalent to approximately S\$538.8 million (30 September 2019: A\$475 million, equivalent to approximately S\$443.2 million).

Distributions to Unitholders for 4Q FY2020 stood at S\$14.1 million, which was S\$3.5 million lower compared to the distributions to Unitholders for 3Q FY2020 mainly due to lower net property income, the partial retention of distributable income from the Group's investment in Australia to conserve cash for the Group's working capital purposes in view of the COVID-19 situation as well as management fees paid fully in cash for 4Q FY2020. The decrease is partially offset by distribution of income retained in previous quarters.

# Review of the performance for 4Q FY2020 vs. 4Q FY2019

The gross revenue for 4Q FY2020 of S\$28.2 million was S\$1.7 million lower than the gross revenue for 4Q FY2019 mainly due to the conversion from master lease to multi-tenancy leases for the property at 1A International Business Park in November 2019, the expiry of the final two phases of the master lease at 20 Gul Way in August 2019 and November 2019 respectively, the expiry of the second phase of the master lease at 30 Tuas West Road in February 2020 as well as lower rental and recoveries for the property at 15 Tai Seng Drive. The decrease was partially offset by rental contribution from Boardriders Asia Pacific HQ which was acquired in July 2019 as well as maiden rental contribution from the recently completed property at 3 Tuas Avenue 2 in March 2020.

Property operating expenses for 4Q FY2020 of S\$7.7 million was S\$1.9 million lower than the property operating expenses for 4Q FY2019 mainly due to land rent that was excluded from the property operating expenses due to the adoption of FRS 116 of S\$2.1 million. The decrease in property operating expenses was partially offset by higher costs arising from the conversion from master lease to multi-tenancy leases for the property at 1A International Business Park in November 2019 and property operating expenses of Boardriders Asia Pacific HQ which was acquired in July 2019.

Net property income for 4Q FY2020 stood at S\$20.5 million, or S\$0.2 million higher compared to 4Q FY2019 mainly due to lower property operating expenses, partially offset by lower gross revenue. As a result, net property income margin increased to 72.7% in 4Q FY 2020 compared to 67.9% in 4Q FY2019.

Borrowing costs for 4Q FY2020 of S\$4.8 million was S\$0.2 million higher than borrowing costs for 4Q FY2019 due to the borrowing costs incurred on the issuance of the S\$100.0 million 3.60% five-year unsecured Medium Term Notes in November 2019 which was partially utilised to repay the revolving credit facility and the redemption in full of the principal and accrued interest of the S\$30.0 million 4.35% seven-year Medium Term Notes in December 2019. The increase was also contributed by the Australian Dollar borrowing costs incurred on the acquisition of Boardriders Asia Pacific HQ as well as borrowing costs incurred to fund the asset enhancement initiative at Optus Centre. Borrowing costs on lease liabilities for 4Q FY2020 of S\$0.8 million was in relation to the adoption of FRS 116 on 1 April 2019.

Other trust expenses for 4Q FY2020 of S\$0.9 million was S\$0.3 million higher compared to 4Q FY2019 mainly arising from due diligence and professional fees incurred in relation to a potential acquisition of S\$0.3 million.

Manager's management fees for 4Q FY2020 of S\$2.0 million was S\$0.1 million higher compared to 4Q FY2019 due to higher value of the Deposited Property in 4Q FY2020 mainly due to the acquisition of Boardriders Asia Pacific HQ as well as the revaluation of Optus Centre following the execution of a new agreement for lease with the existing tenant, Optus Administration Pty Limited in November 2019.

The share of profits of joint venture (net of tax) 4Q FY2020 of S\$4.3 million was S\$9.1 million lower compared to the corresponding period in the previous financial year mainly due to lower share of revaluation surplus recognised from the valuation of Optus Centre as well as lower share of profits of Optus Centre due to the strengthening of Singapore Dollar against the Australian Dollar.

Distributions to Unitholders for 4Q FY2020 stood at S\$14.1 million, which was S\$4.9 million lower compared to the distributions to Unitholders for 4Q FY2019 mainly due to lower net property income (after adjustment for land rent paid/payable), the partial

retention of distributable income from the Group's investment in Australia to conserve cash for the Group's working capital purposes in view of the COVID-19 situation as well as management fees paid fully in cash for 4Q FY2020. The decrease is partially offset by the distribution of higher Singapore distributable income retained in previous quarters.

### Review of the performance for FY2020 vs. FY2019

The gross revenue achieved for FY2020 of S\$118.9 million was S\$0.8 million higher compared to the gross revenue for FY2019. This was mainly due to maiden rental contribution from Boardriders Asia Pacific HQ from July 2019 of S\$2.6 million and 3 Tuas Avenue 2 from March 2020 of S\$0.4 million. The increase was also contributed by full year rental contribution from 51 Marsiling Road which became income-producing from 27 April 2018 as well as higher rental and recoveries for NorthTech and the properties at 8 Tuas Avenue 20 and 1 Bukit Batok Street 22. The increase was partially offset by lower rental and recoveries for the properties at 27 Penjuru Lane and 15 Tai Seng Drive as well as the conversion from master leases to multi-tenancy leases for the property at 1A International Business Park in November 2019 and two phases for the property at 30 Tuas West Road.

Property operating expenses for FY2020 of S\$29.8 million was S\$9.8 million lower compared to the property operating expenses for FY2019 mainly due to land rent that was excluded from the property operating expenses due to the adoption of FRS 116 of S\$8.3 million as well as a property tax refund for 20 Gul Way of S\$2.3 million due to the change in the prior years' annual value assessed by IRAS. The decrease in property operating expenses was partially offset by higher costs arising from the conversion from master leases to multi-tenancy leases for the property at 1A International Business Park in November 2019, first two phases for the property at 30 Tuas West Road and the last two phases for the property at 20 Gul Way as well as property operating expenses of Boardriders Asia Pacific HQ which was acquired in July 2019.

Net property income for FY2020 stood at S\$89.1 million, or S\$10.6 million higher compared to FY2019 mainly due to higher gross revenue and lower property operating expenses. As a result, net property income margin increased to 74.9% in FY2020 compared to 66.5% in FY2019.

Borrowing costs for FY2020 of S\$18.9 million was S\$0.2 million higher than borrowing costs for FY2019 mainly due to the Australian Dollar borrowing costs incurred on the acquisition of Boardriders Asia Pacific HQ as well as borrowing costs incurred to fund the asset enhancement initiative at Optus Centre. Borrowing costs on lease liabilities for FY2020 of S\$3.2 million was in relation to the adoption of FRS 116 on 1 April 2019.

Other trust expenses for FY2020 of S\$2.7 million was S\$0.5 million higher compared to FY2019 mainly arising from costs associated with the administration of AA REIT DRP as well as due diligence and professional fees incurred in relation to a potential acquisition of S\$0.3 million.

Manager's management fees for FY2020 of S\$7.7 million was S\$0.3 million higher compared to FY2019 due to higher value of the Deposited Property in FY2020 mainly due to the acquisition of Boardriders Asia Pacific HQ as well as the revaluation of Optus Centre following the execution of a new agreement for lease with the existing tenant, Optus Administration Pty Limited in November 2019.

The increase in the share of profits of joint venture (net of tax) for FY2020 was mainly due to the share of revaluation surplus of S\$48.0 million recognised from the valuation of Optus Centre, which was partially offset by a lower share of profits of Optus

Centre due to the strengthening of Singapore Dollar against the Australian Dollar. The valuation of the property stood at A\$584.0 million, equivalent to approximately S\$509.8 million based on the independent valuation carried out by Knight Frank NSW Valuations & Advisory Pty Ltd as at 31 March 2020 (31 March 2019: A\$470.0 million, equivalent to approximately S\$455.7 million based on the independent valuation carried out by Jones Lang LaSalle Advisory Services Pty Ltd).

Distributions to Unitholders for FY2020 stood at S\$66.5 million, which was S\$4.0 million lower compared to the distributions to Unitholders for FY2019 mainly due to the partial retention of the distributable income of S\$2.9 million from the Group's investment in Australia to conserve cash for the Group's working capital purposes in view of the COVID-19 situation as well as a higher proportion of management fees paid in cash for FY2020.

#### 9 Variance between Forecast / Prospect Statement

The Trust has not disclosed to the market any forecast in relation to the current financial period.

# 10 Commentary on the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

The COVID-19 global outbreak has continued to escalate since February 2020, which has brought about significant deterioration to the operating environment and has negatively impacted the economic situation in many countries, including Singapore and Australia. There remains a significant degree of uncertainty over the severity and duration of the outbreak. Downside risks include a protracted global outbreak, more severe and prolonged disruptions to global supply chains and the possibility of financial shocks triggered by the economic impact of COVID-19.

Based on advance estimates from the Ministry of Trade and Industry ("MTI") announced on 26 March 2020, the Singapore economy contracted by 2.2% on a year-on-year ("y-o-y") basis in the first quarter of 2020 ("1Q 2020"), reversing the 1.0% growth in the fourth quarter of 2019 ("4Q 2019"). On a quarter-on-quarter ("q-o-q") seasonally-adjusted annualised basis, the Singapore economy shrank by 10.6% as compared to the 0.6% growth in the preceding quarter. The Singapore manufacturing sector contracted by 0.5% on a y-o-y basis in 1Q 2020, moderating from the 2.3% decline in the previous quarter, weighed down by output declines in the electronics and chemicals clusters, which more than offset output expansions in the biomedical manufacturing and precision engineering clusters. On a q-o-q seasonally-adjusted annualised basis, the manufacturing sector expanded by 4.2%, a turnaround from the 5.9% decline in the preceding quarter.

MTI announced that, after taking into account the weaker-than-expected performance of the Singapore economy in 1Q 2020 and the sharp deterioration in the external and domestic environment due to the ongoing COVID-19 pandemic, the GDP growth forecast for the Singapore economy is further downgraded to "-4.0% to -1.0%" in 2020.

Based on JTC Corporation's market report for 1Q 2020 released on 23 April 2020, the occupancy rate of Singapore's overall industrial property market was unchanged at 89.2% compared to the previous quarter. Prices and rentals of industrial space fell slightly. In 1Q 2020, the price index for the overall industrial property fell by 0.4% while the rental index fell by 0.1% as compared to the previous quarter. Compared to a year ago, the price index fell by 0.7% while the rental index remained unchanged. As the industrial prices and rentals in 1Q 2020 have not fully captured the full impact of COVID-19, there would be downward pressures on prices and rentals in the coming quarters. For the next three quarters of 2020, around 2.1 million sqm of industrial space was originally estimated to be completed, but this would likely be delayed due to the disruption in construction activities caused by the ongoing COVID-19 situation.

According to the Reserve Bank of Australia ("RBA"), the COVID-19 pandemic has lowered the near-term growth outlook of

Australia's key trading partners and created new uncertainties. Accordingly, it expects the soft patch in growth to extend into early 2020 for the Australia economy. In March 2020, in response to the COVID-19 outbreak, the RBA cut its official cash rate twice to 0.25%, and its monetary policy is likely to remain accommodative to complement the fiscal measures from governments in Australia to support its economy.

### **COVID-19 Update**

There has been minimal impact to AA REIT's operations following the commencement of the Circuit Breaker period in Singapore as the Manager has been able to continue to carry out critical functions of asset and facility management of the portfolio with reduced on-site staff supporting tenants, while operating safely and within government guidelines.

AA REIT's diverse portfolio remains resilient. More than 50%<sup>7</sup> of tenants in Singapore remain in operation during the Circuit Breaker period as they are deemed essential services. A diversified tenant base is a cornerstone of AA REIT's resilient portfolio. With 192 tenants across 27 properties in Singapore and Australia, AA REIT's gross revenue is distributed across tenants operating in a broad range of industries. AA REIT's portfolio is also well balanced with both multi-tenanted and master leased properties, as well as with a high portfolio occupancy rate and a long weighted average lease expiry. While the Manager expects prospective tenants to become more risk-adverse across the various industrial sub-clusters during the COVID-19 outbreak, the Manager will continue to proactively manage the properties and leases in AA REIT's portfolio.

On 26 March 2020, the Singapore Government's Resilience Budget included a 30% rebate on property tax payable for premises used for an industrial purpose or business park. AA REIT is committed to pass on the property tax rebates, estimated to be around S\$2.3 million<sup>8</sup>, from IRAS to qualifying tenants in Singapore to help them through this trying period. The Manager will continue to be in constant and active dialogues with AA REIT's tenants affected by the COVID-19 situation to address their circumstances.

The Manager continues to adopt a prudent and disciplined approach to capital management. As at 31 March 2020, AA REIT's aggregate leverage was 34.8%, which is well within the new aggregate leverage limit of 50%. The new measure by MAS to increase the leverage limit for S-REITs from 45% to 50% will provide AA REIT with greater headroom to manage its capital structure. AA REIT's ICR of approximately 4.3 times for the financial year ended 31 March 2020 is also well within the ICR requirement of a minimum of 2.5 times.

In May 2020, AA REIT received commitments from its lenders to refinance the facilities due in 2020 with a new four-year term loan facility of S\$100 million and a new three-year term loan facility of A\$32.5 million. These loan commitments, together with the total undrawn committed facilities of S\$181.1 million as at 31 March 2020 will enable AA REIT to fulfil its liabilities as and when they fall due. The Manager is closely monitoring AA REIT's cash flows and is taking various steps to conserve cash. In view of the COVID-19 situation, distributions to Unitholders for 4Q FY2020 were reduced by approximately S\$2.9 million due to the partial retention of the distributable income from AA REIT's investments in Australia to fund the Group's working capital requirements. The Manager will also continue to focus on conserving cash by prioritising critical asset enhancement/capital

<sup>&</sup>lt;sup>7</sup> Based on 4Q FY2020 gross rental income.

<sup>&</sup>lt;sup>8</sup> Subject to change, depending on occupancy of properties for the entire year of 2020; basis of apportioning annual value for individual units as determined by IRAS; and other parameters to be set by IRAS on passing on property tax rebates to tenants.

expenditure initiatives and implementing cost savings on operating expenses, where possible. As at 31 March 2020, AA REIT had cash balances of approximately S\$20.5 million and undrawn committed facilities of S\$181.1 million. The Manager remains focused on maintaining adequate cash reserves in order to effectively manage AA REIT's operations through the COVID-19 crisis.

The COVID-19 situation is still evolving and further measures may be put in place by the authorities in Singapore and Australia. The Manager remains vigilant and will continue to proactively manage the portfolio to protect its long-term value for Unitholders.

### 11 Distributions

#### (a) Current financial period

| Any distributions declared for the current financial period: | Yes  |  |
|--|--|--|
| Name of distribution:  | Fifty-sixth distribution, for                | the period from 1 January 2020 to 31 March 2020                                    |
| Distribution Type <sup>9</sup> :                             | Taxable Income<br>Tax-Exempt Income          |  |
| Distribution Rate:   | Taxable Income<br>Tax-Exempt Income<br>Total | 1.913 cents per Unit<br><u>0.087 cents per Unit</u><br><u>2.000 cents per Unit</u> |

<sup>&</sup>lt;sup>10</sup> Included in the share of profits of joint venture (net of tax) is the share of revaluation surplus recognised on the valuation of Optus Centre of S\$48.0 million (FY2019: S\$9.9 million).

No business segment information has been prepared as all its investment properties are used mainly for industrial (including warehousing and business park) purposes and they are similar in terms of purpose, economic characteristics, types of tenants and nature of services provided to tenants. As such, the Manager is of the view that AA REIT has only one reportable business segment, which is the leasing of investment properties.

# 15 In the review of performance, the factors leading to any material changes in contributions to turnover and earnings by the business or geographical segments.

The increase in the Australian gross revenue and net property income was due to contributions from Boardriders Asia Pacific HQ, Gold Coast, Queensland which was acquired in July 2019. Please refer to paragraph 8 for review of actual performance.

#### 16 Breakdown of sales

|   | Group<br>FY2020<br>S\$'000 | Group<br>FY2019<br>S\$'000 | +(-)<br>% |
|---|----------------------------|----------------------------|-----------|

# 18 Confirmation by the board pursuant to Rule 704(13) of the Listing Manual

Pursuant to Rule 704(13) of the Listing Manual, AIMS APAC REIT Management Limited (the "Company"), the manager of AA REIT, confirms that there is no person occupying a managerial position in the Company who is a relative of a director, chief executive officer, substantial shareholder of the Company or substantial Unitholder of AA REIT.

#### 19 Confirmation by the board pursuant to Rule 720(1) of the Listing Manual

The Manager confirms that it has procured undertakings from all its directors and executive officers in the format set out in Appendix 7.7 pursuant to Rule 720(1) of Listing Manual.

This release may contain forward-looking statements that involve risks and uncertainties. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements as a result of a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of property rental income, changes in operating expenses, including employee wages, benefits and training, property expenses and governmental and public policy changes and the continued availability of financing in the amounts and the terms necessary to support future business. You are cautioned not to place undue reliance on these forward-looking statements, which are based on current view of management on future events.

## By Order of the Board

AIMS APAC REIT Management Limited (Company Registration No. 200615904N) (as Manager of AIMS APAC REIT)

Koh Wee Lih Chief Executive Officer 12 May 2020
