The Manager and HSBC Institutional Trust Services (Singapore) Limited, in its capacity as the trustee of AA REIT (the “**Trustee**”), have commissioned an independent property valuer, Jones Lang LaSalle Property Consultants Pte Ltd (“**JLL**” or the “**Independent Valuer**”), to

value the Property. Based on Discounted Cash Flow Analysis and Income Capitalisation Method as at 31 July 2025, JLL has valued the Property at S\$61.60 million.

The Purchase Consideration was negotiated on a willing-buyer and willing-seller basis and represents an 8.0% discount from the independent valuation by JLL set out above (the “**Independent Valuation**”).

## **2.4 Certain Terms and Conditions of the Option Agreement and the Purchase Conditions**

**2.4.1** The Proposed Acquisition is subject to and conditional upon the following conditions precedent:

- (i) the Vendor obtaining the approvals from JTC (the “**JTC Approvals**”) on terms satisfactory to the Purchaser by the date falling twelve (12) weeks from the date of the Option Agreement (the “**Target Date**”); and
- (ii) JTC not requiring the upfront land premium imposed by JTC, in connection with the assignment of the Property to the Purchaser (the “**Upfront Land Premium**”), to be paid by the Purchaser on a date falling earlier than the Completion Date (unless waived in writing by the Purchaser and the Vendor jointly).

## **2.5 Certain Terms and Conditions of the First Lease Agreement**

- 2.5.1** Subject to JTC's consent, the Purchaser (as landlord) will lease certain premises in the Property which total approximately 70% of the Property's GFA to the Vendor (as tenant) for the term commencing on (and including) the date immediately following the Completion Date and ending on (and including) the day immediately preceding the fifth anniversary date of the commencement date of the First Lease Agreement. During the term of the First Lease Agreement, the Vendor shall be responsible for the upkeep and maintenance of the Property.
- 2.5.2** Payment of year 1's rent will be paid upfront in cash whereas bank guarantees will be used to fully securitise the rental obligation from year 2 to year 5. Additionally, the Vendor will provide a separate bank guarantee to cover all other lease obligations from year 1 to year 5.

## **2.6 Certain Terms and Conditions of the Second Lease Agreement**

- 2.6.1** Subject to consent of JTC and the relevant authorities, the Purchaser (as landlord) will lease certain premises in the Property which total approximately 22% of the Property's NLA in the Property to the Vendor (as tenant) for the term commencing immediately upon the expiry of the lease under the First Lease Agreement for a term of one year.

2.6.2 A bank guarantee equivalent to the total rent payable during the Second Lease Agreement will be provided by the Vendor to cover all lease obligations during the Second Lease Agreement.

## 2.7 Rental Guarantee

### 2.7.1 Certain Terms and Conditions of the Rental Guarantee Agreement

- (i) On the Completion Date, the Vendor shall pay to the Purchaser a total rental guarantee amount of approximately S\$0.37 million inclusive of 9% Goods & Services Tax (the “**Total Rental Guarantee Amount**”), which shall be held by the Purchaser and dealt with in accordance with the terms of the Rental Guarantee Agreement.
- (ii) During the Rental Guarantee Period<sup>1</sup>, the Vendor shall use commercially reasonable efforts to procure a new tenant (as tenant) (the “**New Tenant**”) to enter into a new occupation agreement with the Purchaser (as landlord) in respect of certain vacant premises in the Property (the “**Vacant Premises**”), subject to JTC’s approval and the Purchaser’s approval. Depending on the rent payable by the New Tenant, a portion or all of the Total Rental Guarantee Amount may be refunded by the Purchaser to the Vendor.

### 2.7.2 Safeguards

As the Total Rental Guarantee Amount will be paid on Completion Date, this will act as a safeguard against the ability of the Vendor to pay the Total Rental Guarantee Amount.

### 2.7.3 Independent Valuer’s Opinion

The Independent Valuer stated that the Total Rental Guarantee is computed based on the net rent of the previous tenant which the Vacant Premises was leased to. The Independent Valuer is of the opinion that the level of rental guarantee appears to be in line with the market.

### 2.7.4 Board’s Opinion

Taking into account the Independent Valuer’s opinion, the board of directors of the Manager is of the view that the Rental Guarantee as described above is on normal commercial terms and is not prejudicial to the interest of AA REIT and its minority Unitholders (as defined herein).

---

<sup>1</sup> The “**Rental Guarantee Period**” means a period commencing on the date falling immediately after the date of the Rental Guarantee Agreement (the “**Rental Guarantee Commencement Date**”) and expiring on the earlier of (a) three years from the Rental Guarantee Commencement Date and (b) the date on which the new tenant effective rent is payable by the New Tenant to the Purchaser under the occupation agreement to be entered into between the Purchaser (as landlord) and the New Tenant (as tenant) for certain premises in the Property.

## 2.8 Total Acquisition Cost

The total acquisition cost of the Proposed Acquisition (the “**Total Acquisition Cost**”) is estimated to be approximately S\$60.38 million, comprising:

- (i) the estimated Purchase Price of S\$45.75 million;
- (ii) the estimated amount of up to S\$10.90 million to finance the Upfront Land Premium (which together with the Purchase Price shall form the Purchase Consideration of S\$56.65 million);
- (iii) the estimated amount of up to S\$2.86 million to finance the stamp duty in respect of the Purchase Price and Upfront Land Premium;
- (iv) the acquisition fee payable to the Manager pursuant to the trust deed dated 5 December 2006 (as amended, varied or supplemented from time to time) constituting AA REIT (the “**Trust Deed**”) of approximately S\$0.57 million (representing a rate of 1.0% of the Purchase Consideration); and
- (v) the estimated professional and other fees and expenses of approximately S\$0.30 million incurred or to be incurred by AA REIT in connection with the Proposed Acquisition.

## 2.9 Method of Financing

The Proposed Acquisition is to be fully debt funded. The Proposed Acquisition is also evaluated on the basis of utilisation of the proceeds from the equity fund raising launched on 31 May 2023 (“**2023 Equity Fund Raising**”). The Proposed Acquisition will deliver distribution per unit (“**DPU**”) accretion of 0.5%, assuming debt funding of 40% (or approximately S\$24.18 million) and the remaining 60% is funded through the proceeds raised from the 2023 Equity Fund Raising (or approximately S\$36.20 million).

## 3. RATIONALE AND KEY BENEFITS OF THE PROPOSED ACQUISITION

The Manager believes that the Proposed Acquisition bring the following key benefits to holders of units in AA REIT (the “**Units**”, and the holder of Units, “**Unitholders**”).

### (i) Attractive Property Yield and DPU Accretion

Based on Year 1 NPI and the Purchase Consideration, the Property is acquired at an attractive initial net property income (“**NPI**”) yield of 8.1% above portfolio yield, which translates into a 2.5%<sup>2</sup> DPU accretion for Unitholders based on 100% debt funding. On a proforma basis, DPU accretion would be 0.5% based on utilisation of proceeds of about S\$36.20 million from the 2023 Equity Fund Raising, together with debt funding of approximately S\$24.18 million. The completion of the Proposed Acquisition will grow AA REIT’s portfolio from S\$2.13 billion as at 31 March 2025 to S\$2.19 billion.

### (ii) Quality Industrial Asset in Strategic Location

---

2 The pro forma DPU impact of the Proposed Acquisition is based on FY2025 DPU, as if the Proposed Acquisition was completed on 1 April 2024 and AA REIT held and operated the Property through to 31 March 2025.

The Property is situated in the URA designated Paya Lebar commercial and retail hub - a tightly held city-fringe sub-market. The Property is highly accessible through major expressways including the Pan Island Expressway (PIE), Kallang Paya Lebar Expressway (KPE) and Central Expressway (CTE). The Property has excellent visibility and accessibility to MRT lines (Circle and East-West Lines) and is 10 minutes walking distance from the Paya Lebar MRT Interchange that connects the East-West and Circle lines. Adjacent vibrant retail cluster offering a wide range of shopping, dining and entertainment options.

(iii)

#### **Established Tenants with Strong Rental Visibility**

The Property is 97%<sup>3</sup> occupied and supported by a 3-year rental guarantee over the Vacant Premises (approximately 3% of the Property's GFA). The Property is anchored by Framework (occupying approximately 70% of the Property's occupied area) for a period of 5 years with fixed annual rental escalations. This is complemented by Parkway Laboratory Services Pte Ltd (occupying approximately 18% of the Property's occupied area), a leading reference laboratory under IHH Healthcare (Singapore's largest private healthcare provider) and Avnet Asia Pte Ltd (occupying approximately 9% of the Property's occupied area), a leading global manufacturer of electronic components and services. The staggered lease maturity profiles provide income stability and rental reversion opportunities. The Property is also backed by strong lease security and an established tenant base.

The Property will increase the proportion of AA REIT's exposure to high-quality industrial assets to 22.7% from 20.6% with higher growth potential amidst growing demand. The Proposed Acquisition will improve industry segmentation as exposure to essential and resilient sectors will increase from 82.3% to 82.8%. Portfolio occupancy will increase from 93.7% to 93.9% and further diversify AA REIT's tenancy mix. Domestic exposure to Singapore will increase from 76.9% to 77.5% (as a percentage of 1Q FY2026 gross rental income) which will provide greater revenue resilience. Framework will also become one of the Top 10 tenants of AA REIT by percentage of 1Q FY2026 gross rental income.

(iv)

#### **Flexible Building Configurations with Value-add Potential**

The Property comprises two industrial buildings with flexible building specifications, power and sustainability credentials which are suitable for various industrial usages such as showrooms, laboratory space, production and warehousing. The Property also has high contracted power capacity of two (2) megavolt-amperes (MVA) and the infrastructure to potentially increase to three (3) MVA making it highly suitable and attractive for high-spec users in the healthcare, life sciences, advanced manufacturing industries.

The Property is also equipped with rooftop solar panels and a natural ventilation design for most common areas (stairs and toilets), which help reduce energy consumption and carbon emissions. This results in lower operating costs, supports

regulatory compliance, and enhances long-term tenant appeal, positioning the asset as a future-ready, climate-resilient investment.

With comparable industrial buildings in the precinct offering premium rents due its excellent accessibility and connectivity, the Property offers potential for future asset enhancement initiatives (“AEI”) and repositioning at the end of Framework lease, supporting future rental growth. With the future AEI, the building can attract occupiers from high-quality advanced manufacturing, life science or high-tech tenants.

(v) **Strategic Alignment to Deliver Long-term Value**

The Proposed Acquisition represents a strategic fit to AA REIT’s portfolio given the asset and tenant quality, rental growth profile and future value-add potential in a strategic location. Aligned to AA REIT’s disciplined and selective investment approach, the Proposed Acquisition underscores AA REIT’s active asset management focus to further enhance portfolio resilience. At the same time, AA REIT continues to maintain a prudent balance sheet while investing into growth opportunities. The collaboration with Framework through a long-term lease also establishes a strong foundation for potential future strategic partnerships. AA REIT is well-positioned to capture further opportunities in core markets that deliver sustainable long-term value to Unitholders.

	Actual FY2025	After the Proposed Acquisition
Aggregate Leverage	28.9%	30.8%

### 5. DISCLOSEABLE TRANSACTION

<sup>4</sup> Aggregate leverage ratio is computed as total borrowings as a percentage of total assets and includes lease liabilities that are entered into in the ordinary course of AA REIT's business on or after 1 April 2019 in accordance with Monetary Authority of Singapore's guidelines. The total borrowings excluded Perpetual Securities holders' funds.

Chapter 10 of the listing manual of the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”, and the listing manual, the “**Listing Manual**”) governs the acquisition or disposal of assets, including options to acquire or dispose of assets, by AA REIT. Such transactions are classified into the following categories, as set out in Rule 1004 of the Listing Manual:

- (a) non-discloseable transactions;
- (b) discloseable transactions;
- (c) major transactions; and
- (d) very substantial acquisitions or reverse takeovers.

A proposed transaction by AA REIT may fall into any of the categories set out above depending on the size of the relative figures computed on the following bases of comparison:

- (i) the NAV of the assets disposed of, compared with the NAV of AA REIT and its subsidiaries (the “**AA REIT Group**”) pursuant to Rule 1006(a) of the Listing Manual;
- (ii) the net profits attributable to the assets acquired or disposed of, compared with the net profits of AA REIT Group pursuant to Rule 1006(b) of the Listing Manual;
- (iii) the aggregate value of the consideration given or received, compared with market capitalisation of AA REIT based on the total number of issued Units (excluding treasury units) pursuant to Rule 1006(c) of the Listing Manual; and
- (iv) the number of equity securities issued by AA REIT as consideration for an acquisition, compared with the number of equity securities previously in issue pursuant to Rule 1006(d) of the Listing Manual.

Rule 1006(a) of the Listing Manual is not applicable as AA REIT is not disposing of any assets under the Proposed Acquisition. Rule 1006(d) of the Listing Manual is not applicable as no consideration units are issued.

Where any of the relative figures computed on the bases set out above exceeds 5.0% but does not exceed 20%, the transaction is classified as a discloseable transaction under Rule 1010 of the Listing Manual which would not be subject to the approval of Unitholders.

#### **Relative Figures computed on the bases set out in Rule 1006**

The relative figures computed on the bases set out in Rule 1006(b) and Rule 1006(c) of the Listing Manual in respect of the Proposed Acquisition is as follows:

<b>Comparison of</b>	<b>The Proposed Acquisition (\$\$ million)</b>	<b>AA REIT (\$\$ million)</b>	<b>Relative Figure (%)</b>
<b>Rule 1006(b)</b> Net profits, compared with the NPI <sup>(1)</sup> of AA REIT for FY2025	4.6	133.7 <sup>(2)</sup>	3.4
<b>Rule 1006(c)</b> Consideration,	56.7 <sup>(3)</sup>	1,103.3 <sup>(4)</sup>	5.1

Comparison of	The Proposed Acquisition (S\$ million)	AA REIT (S\$ million)	Relative Figure (%)
compared with the market capitalisation of AA REIT			

**Notes:**

- (1) In the case of a real estate investment trust, NPI is a close proxy to the net profits after tax attributable to its assets.
- (2) Based on the AA REIT FY2025 Audited Financial Statements.
- (3) This includes the Option Fee and the Exercise Sum, which is part of the Purchase Consideration.
- (4) Based on the number of Units in issue as at 27 August 2025 multiplied by the volume weighted average price of S\$1.3505 per Unit on 27 August 2025, being the market day immediately prior to the entry into the Option Agreement.

As the relative figures computed on the bases set out in Rule 1006(b) and Rule 1006(c) of the Listing Manual in respect of the Proposed Acquisition exceeds 5.0% but does not exceed 20.0%, the Proposed Acquisition is classified as a “discloseable transaction”, but as the relative figure does not exceed 20.0%, the Proposed Acquisition is not subject to the specific approval of Unitholders at an extraordinary general meeting under Chapter 10 of the Listing Manual.
